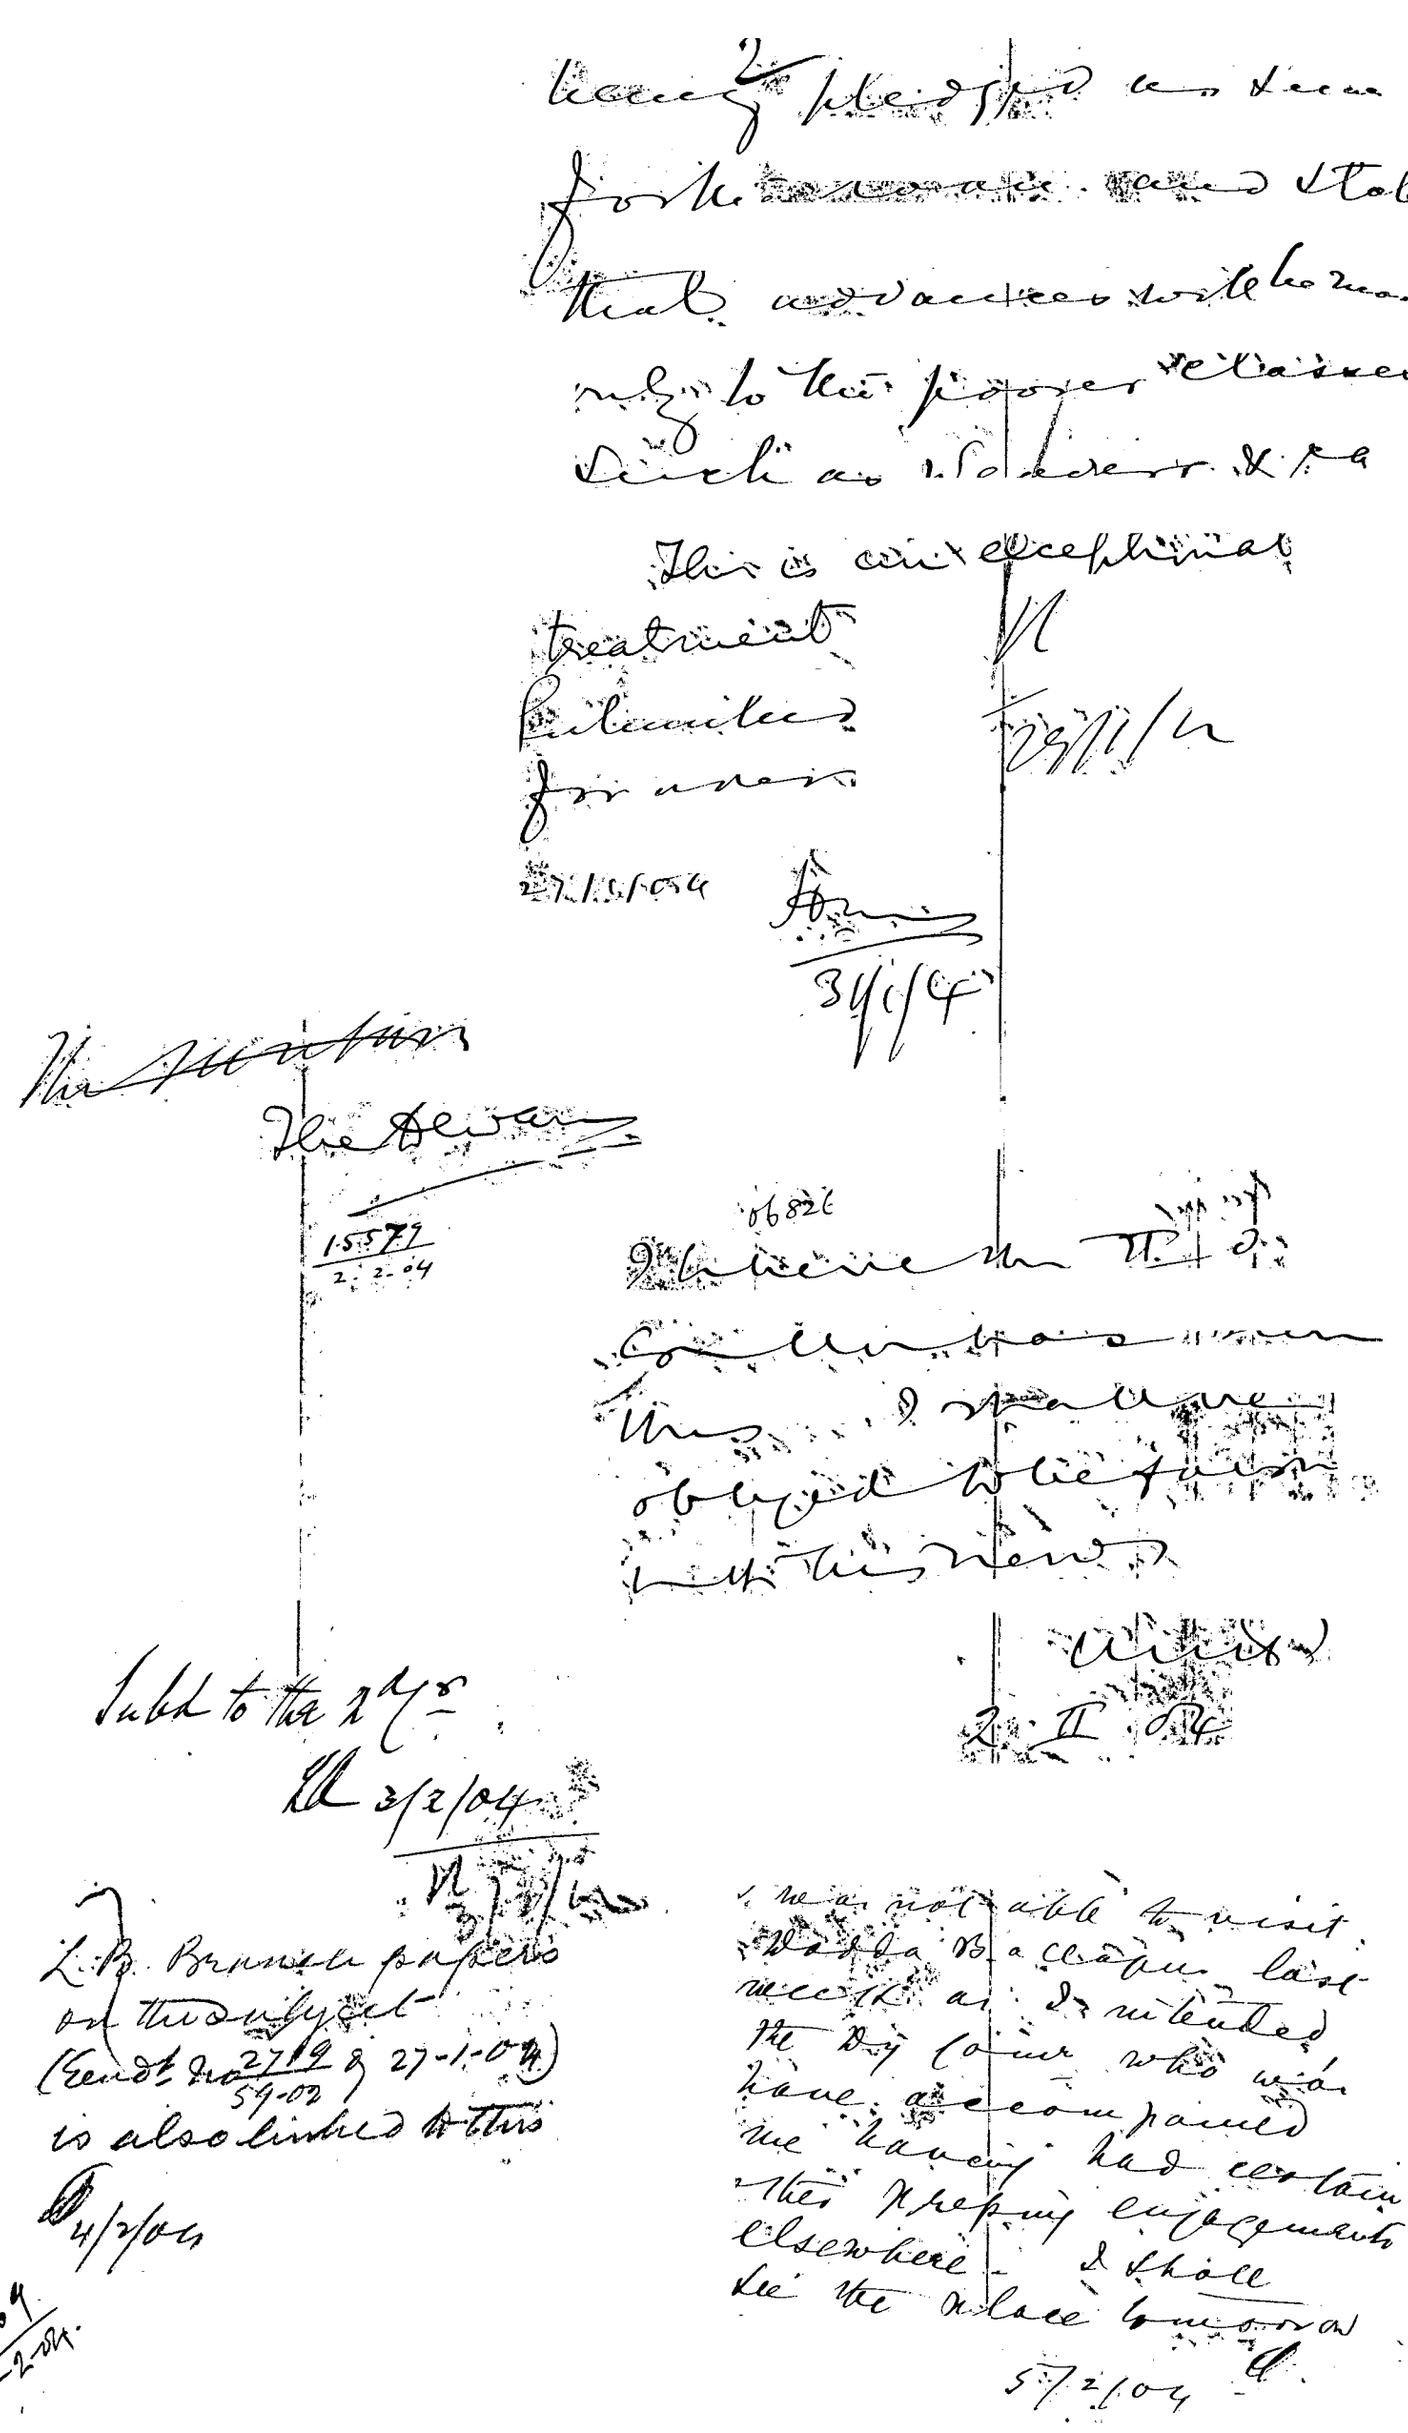
SERIAL No. 76

Subject Advances to owners of the houses damaged by heavy rains in the Doddaballapur Taluk

Letter No 608 dt 17-1-04 from the Deputy Commr Bangalore &

Good many houses in the Doddaballapur Taluk have fallen down during the late heavy rains and while the occupants were encamped outside the town Out of the 1000 houses for the town, 800 have been damaged & 600 totally collapsed. To give encouragement these houses the Deputy Commr requests that a sum of Rs 1000/- be placed at his disposal for advancing in small sums from Rs 15/- to Rs 30/- per applicant-bldg pucca in 2 years the house



Visit to Mount.

I visited Dalla Ballaboo on the 6th instant in company with Miss Thacker. Owing to the outbreak of plague, the inhabitants were induced to evacuate the town a few months ago. During their absence in the at varying distances from the town about one half of the mud roofed houses, mostly belonging to the poor class, collapsed either wholly or in part owing to abnormally heavy rains. These houses have become uninhabitable. The owners chiefly weavers living from hand to mouth, are unable to restore them. The condition of these houseless people is pitiable and some measure of relief is urgently called for. Details have to be fully worked out & complete information collected. There must be an organization for determining the kind & extent of relief required & for distributing judiciously administering such relief as also to see to the its proper application. The agency is ready to hand - viz. namely the Municipal Commissioners. As pressure by me. the Division -

worked the Apprentice in charge of the Island to submit definite proposals as early as possible in consultation with the Island Council & after they enquiry of the houses which have come down and after enquiring into the circumstances of each one of the families residing in them His attention has been particularly directed to the following among other points

(1) a census should be taken of the total No of houses which have come down;

(2) a list should be made out of the extremely poor people who stand in need of help;

(3) the reconstruction of houses in low lying or congested or otherwise unhealthy localities or amidst insanitary surroundings should be discouraged;

(4) Better sites should be allotted in such cases, the expenses being laid out by the Municipality out of the funds at its disposal. The Board has a closing balance

of about 600 Rs annually above the prescribed minimum. This cannot be utilized for a better purpose.

(5) Special attention should be paid to the improvement of the coupes in parts of the town. There is much scope for improvement.

(6) It should be ascertained what the help is that is required, in the shape (1) of free grant of bamboos & other materials, (2) of cash loans & (3) of cash grants.

(7) In the case of 6(2), the Board should settle a loan from Government and hold itself responsible for its repayment in 5 equal annual instalments. It ought to make its own arrangements with the persons among whom the loan to be obtained from Govt is proposed to be distributed. In the case of 6(4), the jungles or forests from which the wood is proposed to be brought should be mentioned. Relief 6(3)

should come from the Plague Grant on which it seems to be a legitimate charge -

4 (8) The matter is very urgent and no time should be lost in collecting and submitting complete information.

As regards the grant of loans to Municipalities in such cases, please see the rebate of loan in Bapara Subjects Nos. 186 of 1894 & 263 of 1897. This is less objectionable and more convenient than direct loans by Govt. to a class of ~~persons~~ private individuals.

The grant of wood are admissible in cases as well of destruction of houses by inundation as of destruction by fire - Tho' intended to be made ordinarily to poor there are precedents in favor of making them to non-agriculturists and Maharatta Nagars in cases of exceptional hardship -

4 - a copy of my note on the subject as it may, if the Dewan Sahib, be placed communicated to the Honble President with reference to his letter No 608 dated the 17-18 - Ultimo and with the obser-

The above order was communicated to the Deputy Commissioner and President in Lr. No. $\frac{2986}{L.T.\ 59-02}$ dated 12th February 1904, and the replies furnished by him to the queries made therein are shown below

Query	President's reply
(1) A census should be taken of the total number of houses which have come to grief.	828 houses have come to grief, 760 of which have partially and the remaining 68 completely collapsed rendering the inmates houseless. The statement A annexed shows the census taken of such houses.
(2) A list should be made out of the extremely poor people who stand in need of help.	From the statement E in it, it will be seen that there are 74 extremely destitute people, who are quite helpless and without any means to rebuild their houses.

9. H
Se. 19

Hag A

Hag E

9 Besides the above 74, there are other 222 people who can build their houses if some help in the shape of loan from the Municipality is granted.

Hag B (3). The reconstruction of houses in low-lying or congested or otherwise unhealthy localities or amidst insanitary surroundings should be discouraged.

Statement B annexed exhibits the number of houses situated in low lying and unhealthy localities. These are built in midst of gardens and Mulberry plantations. The owners have been induced to build in healthier localities and they have agreed to do so provided that lands in exchange are granted to them, and they have executed Muchalikas to that effect. The low unhealthy locality

Flagstaff.

preferred to lies to the south of the town and is marked in red ink on the annexed plan of the town. Further there are about 26 houses almost to the level of the ground, to the north of the town near elik pitta. The situation of these houses is on the bed of Nagerkere tank, amidst Tigalar's gardens and mulberry plaintations and consequently quite unfit for human habitation. The owners are said to be living in out stations and it was not possible to ascertain their wishes. However they will also be induced to give up their houses for better ones.

(4) Better sites should be allotted in such cases, the extension being laid out by the municipality out of the funds at its disposal It has been ascertained that the Board appears to have a closing balance of about Rs 900 over and above the prescribed minimum. This cannot be utilized for a better purpose.

The members of the Municipal Board propose to acquire 4 acres and 3½ guntas of land in both Veerabhadrapalya and Durgapura at a cost of Rs 1,234 for the purpose of allotting sites for the use of the people who have agreed to shift their dwellings from the low and insanitary places to higher and healthy localities. The cost of acquiring the new sites will be met from the closing balance of about Rs 600 over and above the prescribed minimum

Flag C

Statement C shows the details of lands to be acquired for the extension of the town and enclosures Nos 14/1 & 14/2 in the file are rough sketches of such lands.

Vide flags

(5) Special attention should be paid to the opening out of the congested parts of the town where is much room for improvement.

12 The congested parts will be opened out by the new lanes and roads proposed to be laid out as marked in red ink in the plan. Every endeavour will be made to take advantage of this opportunity to improve the sanitation of the place.

It should be ascertained what the help is that is required in the shape of

(i) free grant of bamboos and other materials.

(ii) cash loans &

(iii) cash grants.

(7). In the case of 6.(i) the jungles or forests from which the wood

articles proposed to be given to the people in distress, as suggested by the Assistant Commissioner in consultation with the Municipal Members is detailed below.

(i) to sell at cost ~~price~~ price bamboos and other building materials which may be cut and carted to the town by the Forest Department from Nandi & Coorg forests.

(ii) To raise a loan of Rs 3000

is proposed to be brought should be mentioned. In the case of 6(ii) the Board should take a loan from Government and hold itself responsible for its repayment in five equal annual instalments. It ought to make its own arrangements with the persons among whom the loan to be obtained from Govt. is proposed to be distributed. Whether relief 6(iii) should come from Plague grant is a point for consideration in due course.

B

for distribution to the people who are actually in need of help to build their houses. The Board undertakes to repay the loan in 5 annual equal instalments

(iii) To give free cash grant to the extent of Rs 1,000 to the helpless people mentioned in the reply to the query No 2. Free cash grant will be recommended only in cases of utter helplessness from poverty to build houses.

Submitted for orders.

RNG 11/3/04

The AS

14

The 2nd Councillor has already observed that the funds required should be debited to the Plague grant. Whether this refers to the free cash grant of Rs 1000/- now recommended or to the total grant of Rs 4000/- including the loan of Rs 3000/- is a point requiring orders.

14-3-04.

Urgent

The Apptd Officer explained the case personally to me a few days ago.

The proposals submitted are all suitable & may be approved.

Requisition, endorsement and requisite, & bonds at once be undertaken at the cost of the Board & out of the closing balance at its credit.

15

A loan of Rs 3000 may be sanctioned as early as possible the Board holding itself responsible for its proper distribution among deserving persons, and for its repayment without interest in five equal instalments of Rs 600 each.

A free grant of Rs 1000 may be made for distribution among the most helpless of the sufferers. This may be debited to the Flame Budget.

The Forest Officer may be asked to obtain a tender for any dead or dying Bamboos for sale therein at cost price, of the materials required for the reconstruction of the houses of the poor people in question. The materials thus purchased may be extracted by the Forest Officer himself from such forests or forest as it may deem proper. The quantity to be collected & the reasons for the same should be communicated in order as above may be passed as early as possible.

P.T.O. (Recommendations)

The helped & houses be accordingly from the local Committee

H. A. Sparkes Esquire,
Deputy Commissioner,
Bangalore District.

To,

H. Y. Nanjundappa Esquire, M.A. B.L.
Secretary to the Government of
Mysore, General and Revenue
Department, Bangalore.

Sir,

I have the honor to inform you that, I have been receiving petitions from the householders of Dodballapur, for loans from Government to reconstruct their houses which have fallen down during the late heavy rains and while the occupants were encamped outside the town. I have lately inspected the town and find it in a pitiable condition as the larger number of houses have collapsed; and this would not have happened had the owners been living in them at the time. I think that they are entitled to some relief from Government who expects them to vacate their houses whenever plague occurs. The Amildar who made a Census of the damaged houses informs me that roughly speaking of the 1000 houses forming the town, 800 have been damaged and 600 totally collapsed and judging from appearance

this appears to be the case. I would therefore propose that a sum of Rs 1000/- be placed at my disposal for advancing in small sums from Rs 15/- to Rs 30/- per applicant, to be paid in 4 years and to make over the house as security in case of failure. I would only propose to grant advances to the poorer classes, such as weavers, tea and therefore only ask for Rs1000/-. I request that you will kindly move Government to grant this advance, at a very early date, as the people are most anxious to move in. I may mention that plague has ceased in this town and disinfection of the standing houses is going on

I have the honor to be,
Sir,
Your most obedient Servant,

Lett Spurrier
Deputy Commissioner
Bangalore District

Read: Letter No. 608 dated 17th January 1904 from the Dy. Comr. Bangalore Dist., requesting to place a sum of Rs. 1000/- at his disposal for granting advances to the poor classes of the Doddballapur Town whose houses have fallen down during the recent rains.

Order: No. 2986 / L.F. 59-02 dated 12/2/04

A recent local inspection made has ~~brought~~ shown to light that owing to the outbreak of Plague the townspeople of Doddballapur were induced to evacuate the town a few months ago; during their absence in Sheds at varying distances from the town, about one-half of the mud roofed houses mostly belonging to the poorer classes collapsed either wholly or in part, owing to abnormally

13/2/04.

heavy rains and these houses have become uninhabitable. The condition of the houseless people is pitiable and ~~that~~ some measure of relief is urgently called for.

2. To enable Govt to render such relief, details have to be fully worked out and complete information collected. There must be an organization for determining the kind and extent of relief required and for judiciously administering such relief and also to see to its proper application. It is reported that the agency is readily forthcoming, namely, the municipal Commissioners. The Commissioner and President is requested to direct the Assistant Commrs in charge of the Taluks to submit to him, definite proposals as early as possible in consultation with the Municipal

Commissioners and after seeing every one of the houses which have come down and after enquiring into the circumstances of every one of the families reported to be in distress. The President's attention is drawn particularly to the following among other points :-

1) A census should be taken of the total No. of houses which have come to grief.

2) A list should be made out of the extremely poor people who stand in need of help.

3) The reconstruction of houses in low-lying or congested or otherwise unhealthy localities or amidst insanitary surroundings should be discouraged.

4) Better sites should be allotted in such cases

the extension being laid out by the Municipality out of the funds at its disposal. It has been ascertained that the Board appears to have a closing balance of about Rs 200/- over and above the prescribed minimum. This cannot be utilized for a better purpose.

5) Special attention should be paid to the opening out of the congested parts of the town. There is much scope for improvement.

6) It should be ascertained what the help is that is required in the shape of -

(i) free grant of bamboos and other materials

(ii) Cash loans, and

(iii) Cash grants.

7) In the case of

6(i) the jungles or forests

13 from which the wood is proposed to be brought should be mentioned. In the case of 6(ii) the Board should take a loan from Govt and hold itself responsible for its repayment in five equal annual instalments. It ought to make its own arrangements with the persons among whom the loan to be obtained from Govt is proposed to be distributed. Whether Relief 6(iii) should come from the Plague grant is a point for consideration in due course.

3. The matter is very urgent and the Dy. Commissioner and President of Municipalities, Bangalore, is requested not to lose time in collecting and submitting complete

information on the fore-
going points.

Sir,

Adverting to Government
Proceedings No. 2986 / 27-59-02 dated the
12th February 1904. Calling for infor-
-mation on certain points, in re the
Grant of advances to the poor classes
of Doddaballapur town in distress,
owing to the falling down of their
houses

houses during the recent rains, I have the honor to state as follows: ——"——

Reply to query (1)

828 houses have come to grief, 760 of which have partially and the remaining 68 completely collapsed rendering the inmates houseless. The statement A annexed shews the Census taken of such houses.

Reply to query (2)

From statement E in the file, it will be seen that there are 74 extremely destitute people who are quite helpless and without any means to re-build their houses.

Besides the above 74, there are other 222 people who can build their houses if some help in the shape of loan from the municipality is granted

Reply to query (3)

Statement B annexed exhibits the number of houses situated in low lying and

and unhealthy localities. These are built in the midst of gardens and mulberry plantations. The owners have been induced to build in healthier localities and they have agreed to do so provided that lands in exchange are granted to them and they have executed muchalikas to that effect. The low unhealthy locality referred to lies to the south of the town and is marked in red ink in the annexed plan of the town.

Further, there are about 26 houses* almost to the level of the ground, to the north of the town near chickpeta. The situation of these houses is in the bed of Nagarkere tank, amidst Toplars gardens and mulberry plantations and consequently quite unfit for human habitation. The owners are said to be living in out stations and it was not possible to ascertain their wishes. However, they will also be induced to give up

* as per list No. 13 in the

up their houses for better ones

Reply to Query (4)

The members of the Municipal Board propose to acquire 4 acres and 35 Cents of land in Vaniyambadi and Ambapura at a Cost of about Rs. 2347/- for the purpose of allotting sites for the use of the people who have agreed to shift their dwellings on from low and insanitary places to higher and healthy localities. The Cost of acquiring the new sites will be met from the Closure Cash Balance of about Rs 600/- over and above the prescribed minimum. Statement C shows the details of lands to be acquired for the extension of the town and enclosures Nos 14 and 14 in the file are rough Sketches of such lands.

Reply to Query (5)

The Congested Areas will be opened out by the new lanes and roads proposed

to

to be laid out as marked in red ink in the plan. Every endeavour will be made to take advantage of this opportunity to improve the sanitation of the place.

Reply to query (6)

Relief proposed to be given to the people in distress, as suggested by the Assistant Commissioner in Consultation with the municipal members is detailed below:—

(i) To sell at Cost price bamboos and other building materials which may be cut and carted to the town by the Forest Department from Nandi and Kajini Forests.

(ii) To raise a loan of Rs 3000/- for distribution to the people who are actually in need of help to build their houses. The Board undertakes to repay the loan in 5 equal annual instalments.

(iii)

(111). To give free cash grants to the extent of Rs 1000/- to the helpless people mentioned in para 3.

Free Cash grant will be recommended only in Cases of utter helplessness from poverty, to build houses.

The entire records connected with the subject are, herewith, submitted for perusal.

I have the honor to be,
Sir,
Your most obedient Servant,

for President of the
Minor Municipalities
Mrs Bangalore District

SECTION 22/23

FILE No. 86 of 03

SERIAL No. 6 Read:-

Correspondence ending with letter No.800 dated 5th March 1904 from the Dy Comr & President of the Municipal-ties, Bangalore Distt, in re the relief proposed to be given to the poor classes of the Dodballapur town in distress due to the falling down of their houses during the recent rains,

Order thereon No 3792-4 & 4/4/04
2759-02

It is observed that, owing to the recent outbreak of plague at Dodballapur the towns-people were induced to evacuate the town a few months ago. During their absence in sheds at varying distances from the town, about one half of the mudroofed houses, mostly belonging to the poor classes, collapsed either wholly or partly owing to the late abnormally heavy rains. It is re-ported that there are about 74 ~~extre~~ extremely destitute people, who are without any means to rebuild their houses, besides 222 people who can build theirs, if some help is given them in the shape of loans. To af-ford ~~such~~ such relief ~~which~~ as is urgently called for, the Dy Comr, in consulta-tion with the Muni Board proposes

~~time~~ be treated as a supplement -al grant for the current year. Necessary steps should be taken for the prompt collection of the loans advanced ~~within~~ the next 5 years and recoveries shown on the side of receipts in the annual budgets, due pro -vision ~~of~~ for Rs.600 being made on the side of expenditure for repayment of the loan. The Comptroller is requested to arrange for the payment of this loan to the Municipal Board at Doddaballapur subject to recovery in 5 years as above laid down.

(3) A free grant of Rs.1000 is also sanctioned for distribution among the most helpless of the sufferers, the charge being debited to the Plague budget for the current year.

This para is in accordance with the 1st Councillor's note of 15/3/04 as a grant of Rs.1000 was asked for and recommended but is slightly at variance with the Dewan's order which runs thus:-

"If a new grant is wanted for Rs.3000 take action in that behalf. Being only a loan new grant is not perhaps necessary"

I do not think there is a variance. The Dewan is referring only to the loan of 3000 Rs. the others which include the free grant of Rs 1000 from the Plague budget.

~~Can~~

(4) The Conservator of Forests is requested to open at once a temporary Depot at Dodballapur for sale therein at cost price, of the materials required for the reconstruction of ~~the~~ houses ~~of the poor people~~ in question, the materials being extrac -ed by the Forest Dept itself from such forest or forests as it may deem proper. The quantity to be collected and the persons to be helped should be ascertained from the local revenue authorities.

31/3/04 Offg: Secy. 30/3/04
